About Food Haven

Food Haven is a directory and map of the food pantries, soup kitchens, and grocery stores in New Haven.

Community Impact:

13.5% of people in New Haven county struggle to have enough food for active, healthy living. Especially during the last 12 months, many families on state assistance run low on funds for keeping food on the table.

Through making information regarding food sources more readily available, Food Haven strives to combat hunger in New Haven.
